Typhon's Revenge!

As god of the sun and goddess of the moon, Apollo and Artemis were created to rule the world of light, together, forever.

But now Apollo's brilliance is piteously dimmed. Even more frightening, he is stupendously angry as only a mighty god can be! His beautiful love, Artemis, has been snatched away in a jealous rage by the beast-god Typhon, ruler of darkness!

Apollo swears to rescue his goddess. He vows to withstand horrors, monsters, and catastrophes — or perish! He grasps his sword of light and leaps on Pegasus, his winged charger. Up into the sky they bound — but to where? Where is Artemis?

Then a voice — distinct, clear, mysterious — comes to Apollo. "My love, I am in Typhon's Temple, a wretched captive turned to stone! Only my heart can cry for you. Until you save me, my life has ended! You must face horrendous wretches and terrifying creatures, all waiting to tear you apart! And in the temples lurk evils of incredible power! But you must come! Phelios, the sword of light, is here! Restore its powers with your courage, and save me!"

Starting Up Your System

1. Set up your Genesis System, following the instructions in your Genesis System manual. Plug in Control Pad 1.
2. Make sure the console's power switch is turned Off.
3. Insert the Phelios cartridge into the console, with its label facing towards you. Press the cartridge firmly into the cartridge slot.
4. Turn the power switch On. The Namco screen appears.

Note: If nothing appears on screen, turn the switch Off. Check your cartridge to make sure it's inserted correctly, and check all cables to make sure they're properly connected. Then try again.

Important: Always make sure your Genesis System is turned Off before inserting or removing the game cartridge.

5. Press the Start Button on Control Pad 1. The Phelios story begins.

Game Mode Screen

At the Game Mode screen, use your D Button to choose a difficulty level. Then press the Start Button, and get set for combat!

Novice

You'll face all the horrors of the first 4 chapters, but you won't be able to save Artemis (that happens in chapter 7) . Use this level for practice.

Advanced

Your enemies attack faster and more furiously! Typhon — And Artemis — wait breathlessly in chapter 7 .

Game Options Screen

Use this screen to find out more about the Phelios story and the terrifying creatures you'll face. Use the D Button to mark your choice, and then press any other button.

The Story of Each Chapter

Select a chapter to read a brief hint of the terrors you'll endure.

The Enemy of Each Chapter

Select a chapter for a forewarning of the most horrifying monsters you'll face.

After reading, press the Start Button to return to the Start Game screen.

The Fury Begins!

Take a firm grip on Pegasus' bare back! You and your champion steed are rising into battle against the cruelest, most loathsome gods, demi-gods, and creatures of dread known to the mythological world. Press Button A, B, or C to fire on your odious attackers. Your sword flames out with deadly light beams. Use your D Button to maneuver and aim in combat, and dodge the grim bullets, flames, axes, arrows, and spears your enemies hurl.

For more powerful shots, hold down your fire button while the Phelios sword on the right of the screen fills with energy. Then aim, and release the button. The beams from your energized sword will destroy many foes at once.

Combat Meters

The meters at the right of the screen keep track of your status. You'll always want to know how many lives and how much energy you have left, so learn to read them quickly.

- Energy of Sword
- Your Energy Bars
- Lives Remaining
- Current Chapter
- Points Awarded

Energy of Sword

Heats up with energy when you hold down the fire button. As your sword gains energy, its light beams intensify. Release the fire button for devastating power shots.

Your Energy Bars

Life

You gain an extra life.

Press On Bravely!

Push on through the chapters of Phelios, destroying the mortals and immortals that stand between you and Artemis. Watch for hints from friendly deities to speed you to victory!

You begin each game with 3 lives. As you suffer injuries or enemies touch you, you flash and lose energy. When all your energy bars go blank, you tumble from Pegasus, losing 1 life. You can revive as long as you have lives left (check your Life meter) . You can also earn extra lives:

- You gain 1 life for every Life gift you catch.
- In Novice mode, you earn 1 life for every 20,000 points.
- In Advanced mode, you earn 1 life for every 50,000 points.

If you lose all your lives without rescuing Artemis, the game fades and you've lost her!

Continue Game

In every game, you have 3 chances to continue after losing all your lives. The cosmic combat fades and the Continue screen appears, with Artemis pleading with you to carry on your rescue attempts.

To continue, press Button A before the countdown reaches 0. The battle resumes where it left off, except that your number of points returns to 0. Every time you continue a game, your number of credits decreases by 1. If you have no more credits, the game ends when you lose your last life.

If you don't want to continue a game, use the D Button to move the marker to "No," and press Button A.

Chapter 6 : Watchdog in Hell

An avalanche of stones tumbles towards you, hurled by Earth Demons. At the river, the Water Tarantula eyes you nastily. Beware of its rapid attack! Triple-headed Cerberus, the watchdog of the underworld, awaits you!

Chapter 7 : The Temple of Typhon

Only a true hero can make it this far! Your most terrifying battle begins now. Gather the 7 scattered fragments to restore Phelios to its purest power. Now, vanquish Typhon, or drown!

Hints

- Learn which obstacles to avoid, and which ones you can fly past safely.
- The Golden Owls are servants of the friendly gods. Shoot as many as you can to get the gifts they carry. These gifts will help you succeed!
- Discover the weak points of the master monsters at the end of each chapter. Then focus your attack where they're most vulnerable.
- In Chapter 7, find the 7 fragments of Phelios to restore the shattered sword. A letter is written on each fragment. When you gather them all, they spell "Phelios."
